

ICPC2T
2027

IEEE Student Branch
NIT Raipur

2027 IEEE International Conference on Power, Control and Computing Technologies (ICPC2T 2027)

NIT Raipur, Chhattisgarh, India | 3–5 March 2027

National Institute of Technology Raipur — An Institute of National Importance

SPECIAL SESSION 11 ON

Advanced Control, Stability Analysis and Intelligent Techniques for Grid-Integrated Renewable Energy Systems

LIST OF TOPICS

1. Advanced control of DFIG, PMSG, and other wind energy conversion systems
2. Grid integration of solar PV, wind, hybrid renewable energy, and energy storage systems
3. Small-signal, transient, voltage, and frequency stability of renewable-rich power systems
4. Grid-forming and grid-following converter control
5. Advanced, adaptive, robust, nonlinear, and predictive control techniques
6. FACTS devices for stability enhancement and power-flow control
7. AI, machine learning, deep learning, and computational intelligence for power-system applications
8. Battery energy storage and other energy-storage technologies
9. Renewable energy forecasting, monitoring, and condition assessment
10. Digital twins and advanced computational methods for power-system analysis

SPECIAL SESSION CHAIRS

Dr. Pritam Kumar Nirala
NIT Jamshedpur

Dr. Kundan Kumar
NIT Jamshedpur

Dr. Ravi Shankar
NIT Patna

Dr. Rammohan Mallipeddi
KNU South Korea
